Highlights of the Annual Academic Research Report 2020-2021

Dr. Gary L. Welton

The data and conclusions referred to in this “Highlights” document are from the 2020/2021 Annual Academic Report. Please contact Dr. Gary Welton with questions, comments, and/or suggestions.

- The average GCC scores are **above 81% of national scores** for those who take the relevant Major Field Test in his or her major discipline.
- GCC engineering majors generally pass the Fundamentals of Engineering exam at a higher rate than engineering students nationally. Over the past three years, the **average difference has been +16%**.
- The pass rate for GCC accounting majors on the CPA exam over the last nine years has averaged **17% higher than the national average**.
- The average GCC student who takes the MCAT (for medical school), LSAT (for law school), or the GRE (for a variety of graduate programs) scores **above 75% of students nationally**.
- GCC education majors (PK-4, PK-8 Special Education, 7-12 certification, and PK-12 certification) pass the relevant state certification exams at rates far above students from other institutions. **Most GCC pass rates for the past 3 years are at, or very near, 100%**. In the most recent year 96.6% of GCC Praxis Exam results achieved passing scores, well above the state average (75.7%).

Based on these and other related data, we can confidently say that Grove City College students receive an excellent education.
