The Grove City English program felt like a greenhouse, rich with the light and nutrients I needed to grow. My professors walked us through literature as the study of what it means to be human, seeing ourselves as both fallen creatures who need grace and image-bearers of God who desire His goodness. Their teaching gave me the insight and practical skills (such as critical thinking and communication) to step into post-graduation life rooted in truth and wisdom and reaching joyfully for whatever God calls me to do.
