RETENTION, GRADUATION AND TRANSFER-OUT RATES

Retention

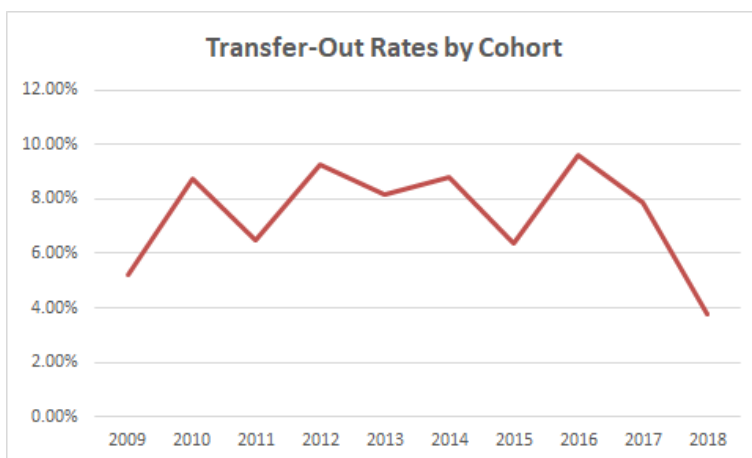

Retention rates are based on the number of first-time, full-time students who matriculate in a specific fall semester and who are still enrolled the following fall semester. The fall 2017 cohort retention rate was 88%.

Graduation

The fall 2014 cohort had a four-year graduation rate of 80%. The fall 2012 cohort had a six-year graduation rate of 82%.

Transfer-Out

Students in the 2016, 2017 and 2018 cohort years are still enrolled at the College, so these rates may change.
