- **Roommate Finder Housing Survey available after June 1**. You will need your user id and password (*found in your original acceptance letter from Admissions*) to access Roommate Finder on myGCC. Students are encouraged to use this program to identify and choose classmates with whom they would like to live. The deadline for completing this survey is July 2nd.
- **Course Registration for fall 2011**. The Registrar's Office will mail a packet of course scheduling materials to all students. This packet will contain course information and resources specific to each major, as well as guidelines for taking general education courses and elective classes. Most students will then participate in an online survey (certain majors will not since their schedules are already pre-determined) that will allow each student to reply with course preferences for fall. The Registrar's Office will use the results of the survey to build a full-time schedule for each student. More information will be provided by the Registrar's Office.
- **Housing Assignment Notification begins July 18 via your Grove City College email account. *No housing assignments will be given over the phone.*** The Director of Residence Life will begin reviewing the results of all housing surveys after July 6 in order to assign roommates for the upcoming academic year. We do our best to match students based on the housing survey results and it can be a lengthy process.
